

What You'll Need

Pumpkin, Scissors, Tape, Knife, and Pen or Thumbtack

Get Started

Step 1

Print your stencil on 8.5 x 11 paper and cut away excess paper.

Step 2

Tape your image where you'd like it to appear on the pumpkin.

Step 3

Using the point of a pen or a thumbtack, punch holes through the paper along the outline of the stencil. When finished, remove the paper and tape.

Step 4

Using a knife or similar sharp object, carefully cut along dotted lines.

Step 5

Place your newly carved pumpkin in a cool spot, and use LEDs or tea lights to bring it to life!

Happy Halloween!
