

What if my ID does not list my current address/zip code?

If your U.S. government-issued ID does not indicate your current zip code, we will accept any of the following as proof of your eligibility, as long as they reflect your current address and zip code (please note, a valid, physical U.S. federal or state government-issued photo ID is still required to participate in the event):

- Federal, state or local government documents, issued within the last 90 days;
- Magazines issued within the last 90 days;
- Valid vehicle registration;
- Valid life, health, auto or home insurance policy or card;
- Valid professional license (e.g., law, nursing, teaching, etc.);
- Valid real estate tax statement or receipt;
- Voter registration card;
- Current mortgage, lease or rental agreement; or
- DMV Renewal Notice.

For otherwise eligible college students enrolled in and attending a fully-accredited, non-profit college, institute of technology, or university that has its main campus located within an eligible zip code area ("**Qualifying School**"), who do not have a U.S. government-issued ID that indicates their current address and zip code, we will accept any of the following as proof of eligibility:

- A current, valid, and physical student photo ID issued by the Qualifying School that includes the current calendar year of the promotion; or
- a copy of the student's unofficial transcript indicating their current enrollment.
